

**ANESU Elementary Schools  
Responsible Use Agreement  
2011/2012**

Responsible use of technology: Students are expected to use technology responsibly as a learning tool, following ANESU Responsible Use Guidelines. Infractions may result in disciplinary actions.

Student Privacy Guidelines: A primary goal of the Addison Northeast School District is to ensure the safety and privacy of our community of learners. To help achieve this goal, publication of student information on the Internet and sharing of student information via print media, electronic mail, video, and other technologies is restricted. Student information and student work will not be published or shared unless permission is obtained. No personal information, such as home or mailing address or phone number, except as listed below, will be published or shared.

Parent Section: I understand that my child may engage in classroom projects and activities that enable others to view or listen to him or her, view his or her work, and/or to interact with him or her. In order for my child to participate in such projects and activities, I understand that this permission form should be completed, signed, and on file at my child's elementary school. (Please note the Mt. Abraham has a different form)

\_\_\_\_\_ I grant permission for my child's work to be published and/or viewed by others and for my child to participate in activities such as those described in the "ANESU Responsible Use Guidelines".

\_\_\_\_\_ I do NOT grant permission for my child's work to be published and/or viewed by others or for my child to participate in activities such as those described in the "ANESU Responsible Use Guidelines".

Student Name: \_\_\_\_\_ Grade: \_\_\_\_\_

Parent / Guardian Signature: \_\_\_\_\_ Date: \_\_\_\_\_
